Video: Showcasing Health Insight & IntegratedML for Healthcare Applications

Hi Community,

Please welcome the new video from #VSummit20:

Showcasing Health Insight & IntegratedML for Healthcare Applications

See how InterSystems is partnering with TechSpring and Baystate Health to build an innovation sandbox with clinical data mirrored from a large Healthcare Information Exchange (HIE) that enables application prototyping without disturbing production systems. Learn about the design of the computing environment, and some of the ongoing work building a machine learning application to predict Emergency Department volume.

Presenters:
@ Thomas Dyar, Product Specialist - Machine Learning, InterSystems
@ Joseph Cofone, Sr Business Application Specialist, Patient Technologies at Baystate Health

Learn more in this InterSystems Online Learning Course.

Enjoy and stay tuned!
