Production is not auto starting while using container

Hi,

Production is not auto starting even by adding `<Production Name="myProd.Production" AutoStart="1"/>` in installer.cls file:

Installer.cls ●

Installer.cls > App.Installer > MyInstall

```
14      <Configuration>
15          <Database Name="${DBNAME}-CODE" Dir="${APPPATH}${DBNAME}-CODE"
16          <Database Name="${DBNAME}-DATA" Dir="${APPPATH}${DBNAME}-DATA"
17      </Configuration>
18
19      <Import File="${SOURCESPATH}" Recurse="1"/>
20      <Production Name="myProd.Production" AutoStart="1"/>
21  </Namespace>
```

Thanks
