Deltanji and Serenji User Group – Wednesday, November 3rd

Hi developers,

We're hosting a User Group session for our Deltanji source control and Serenji debugger users on Wednesday, November 3rd at 11-12pm EDT / 3-4pm GMT.

We'll be showcasing some advanced features of Deltanji and Serenji in VS Code with time for a discussion - so feel free to bring along any problems you need help solving or share your feedback on our tools. We'd love to hear your thoughts.

You can find out more on [Eventbrite](#).

Everyone is welcome. If you're interested in our tools this is a great chance to hear what others have to say, as well as asking your own questions.

We hope to see you on November 3rd!
