Job Opportunity for Caché/Ensemble/Iris develope

A permanent job opportunity has arisen for a Caché/Ensemble /Iris developer with at least 2 years experience. My client is a specialist resource provisioner of developers for high profile clients in the finance, healthcare, retail, distribution and credit business that are mainly based in central London. My client is looking for a highly-motivated individual who thrives in an environment where problems are open-ended. If you want to apply for the job you must be a UK resident, have a proven track record of building applications using InterSystems technologies and are able to work independently, be fluent in Caché Objects, Iris, SQL, XML, Integration.

The job is 80% remote working with fully expensed trips to London up to once a week.

For further details please send your CV salary expectations to romina@kiotto.com
