Video: Introduction to Embedded Python

Hey Developers,

Please welcome the first session from the InterSystems Virtual Summit 2021:

[Introduction to Embedded Python](#)

Discover ways to use Python from within InterSystems IRIS, including:

- Python in SQL
- Python's ecosystem of pre-built packages
- (Class)Methods in Python
- How to import InterSystems IRIS from a Python app

Presented by [@Bob Kuszewski](#), Product Manager, Developer Experience, InterSystems

Subscribe to [InterSystems Developers YouTube](#) and stay tuned!
