[Video] Git & GitLab for Shared Development Environments

Hey Community,

New video is already on [InterSystems Developers YouTube](#):

[Git & GitLab for Shared Development Environments](#)

Learn how to use new Git source control hooks alongside GitLab for collaboration in shared development environments. You connect through either Studio or VS Code.

[Git for Shared Development Environments](#)

[Related article](#)

Presented by [@Timothy Leavitt](#), Development Manager, Application Services, InterSystems

Enjoy watching and stay tuned!
