[Video] Exploring Machine Learning with R Language Gateway

Hi Community,

Don't miss the new video on [InterSystems Developers YouTube](#):

[Exploring Machine Learning with R Language Gateway](#)

The R programming language is one of the most widely used environments for statistical analysis and machine learning. Join this demonstration of how to use the new R Language Gateway for machine learning with InterSystems IRIS.

Presenter: Shiao-Bin, System Developer, InterSystems

Enjoy watching and stay tuned!
