◀ February ▶◀ 2022 ▶

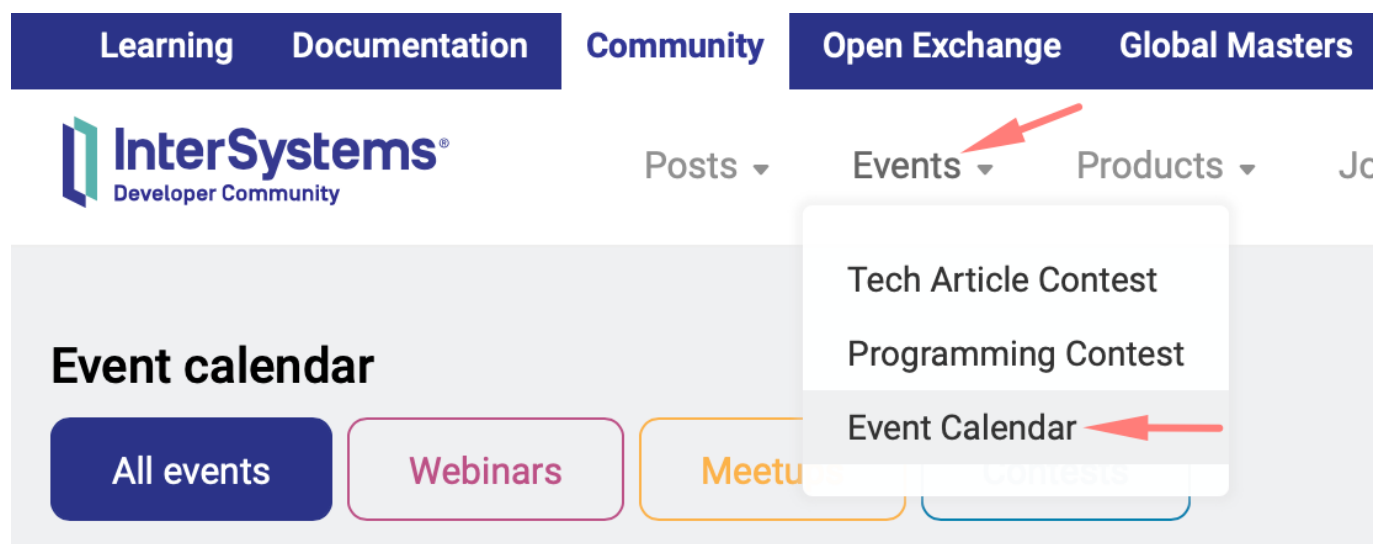

Su	Mo	Tu	We	Th	Fr	Sa
30	31	1	2	3	4	5
6	7	8	9	10	11	12
13	14	15	16	17	18	19
20	21	22	23	24	25	26
27	28	1	2	3	4	5

In this calendar, you will see the history of DC events. Find out about events that are happening now or soon, check out past events, and watch recordings of Community's webinars and meetups.

Let's take a closer look at how to use it.

To get to the DC Calendar, click on the Events top menu and go to the Event Calendar section:

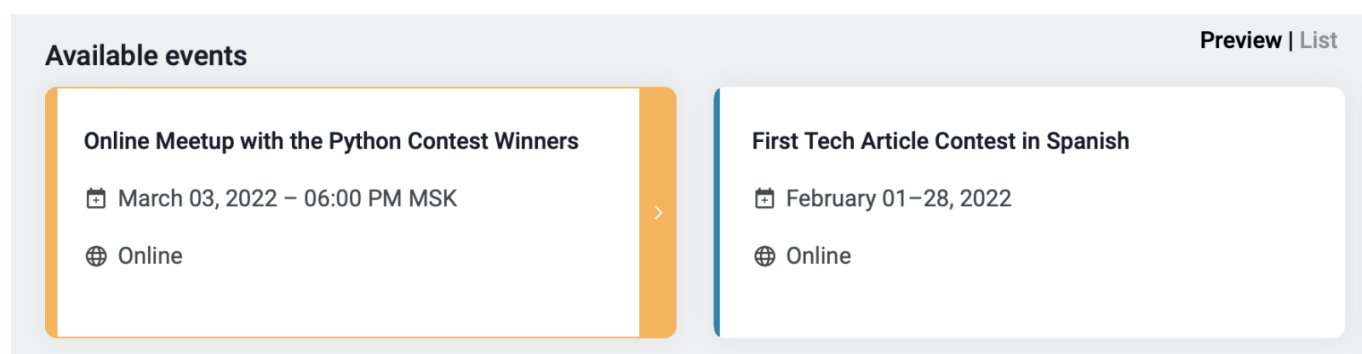

Page 1 of 6

In this calendar, you will find available and past events, which can be sorted into categories:

- All events
- Webinars
- Meetups
- Contests

By clicking on an event in the "Preview Mode", you will see its announcement:

Feel free to use the "List Mode", which shows event teasers with an option to add any available event to your calendar:

Online Meetup with the Python Contest Winners

Hi Community,

Let's meet together at the [online meetup with the winners of the InterSystems Python contest!](#)

You'll have an opportunity to have a discussion with InterSystems Product Managers on the new IRIS 2021.2 [Embedded Python](#) functionality, Q&A on Python, etc. Our winners' demo included!

You can also select any date in the small calendar on the right and find out what event is scheduled or happened on that day:

Page 3 of 6

Question

David Hockenbroch · 4 hr ago

Change User of CSP Session

Is there a way, for testing purposes at least, to change a CSP session over to a different user? We have a lot of things in our system that are allowed or restricted based on the user login, so it would be useful for me to be able to occasionally run as a different user to see how things look and work for them. I've tried using the %CSP.Session.Login function, but that still shows the CSP session as being from the original user, not the one I've switched to.

#CSP #Caché

Also, in the announcement of your event, you will see:

- special block with registration link
- button for quickly adding an event to your calendar

The screenshot shows a web interface for the InterSystems Developer Community. At the top is a navigation bar with links: Learning, Documentation, Community, Open Exchange, Global Masters, Certification, and Partner Directory. Below this is a header with the InterSystems logo, a search bar, and links for Posts, Events, Products, Jobs, Members, and About. The main content area displays an announcement post by Anastasia Dyubaylo, titled "Online Meetup with the Python Contest Winners". The post includes a description, a date and time (Thursday, March 3 - 10:00 EDT), and a large image of a play button on a red background. To the right of the post is a sidebar with a "New post" button, the author's profile (Anastasia Dyubaylo, Community Manager at InterSystems Corp.), and a "Registration" section. The registration section shows the date "03 Mar", the event title, the time "10:00 AM - 11:00 AM EST", the location "Online", and a "Register" button. A red arrow points to the "Add to calendar" button in the post's header.
