[Video] Using the Business Process Designer in InterSystems IRIS

Hey Developers,

New video is already on [InterSystems Developers YouTube channel](#):

[Using the Business Process Designer in InterSystems IRIS](#)

See how to construct a new business process, which provides business logic and routing capabilities within an InterSystems production. Learn how to build a BPL business process using the Business Process Designer in the Management Portal. Also, try building one yourself using an InterSystems IDE.

Enjoy watching!
