What do you like most about InterSystems technology? Choose a topic, prepare your Portuguese and get to work !!!!!

Hi Developers,

We are carefully preparing our first InterSystems Technical Article Contests in Portuguese .

As the contest will be officially launched next week, take advantage of this week to choose your topic or, if you are new to InterSystems technology, take the opportunity to learn a little more about the technology in this period to be able to participate!

Without giving any spoilers ....

In addition to the contest being in Portuguese, there will be several new features both in terms of prizes and in relation to how the contest works.

So get ready and,

Stay tuned!!!!
