[Video] Drinking Our Own Champagne: InterSystems AppServices' Move from Zen Reports to InterSystems Reports

Hey Community,

Check out the latest video on [InterSystems Developers YouTube channel](#):

[Drinking Our Own Champagne: InterSystems AppServices' Move from Zen Reports to InterSystems Reports](#)

The InterSystems internal applications team, which manages the Change Control Record System for both internal and for customer use, moved all reporting capabilities from Zen Reports to InterSystems Reports last year. Join us for a look at the before and after, hear about lessons learned, and learn about the move's unexpected benefits.

Presenter [@Jean Millette](#), Developer AppServices, InterSystems
