[Video] InterSystems HealthShare Analytics Solution: Create & Deliver Real-Time Insight at Scale

Hey Developers,

New video is already on [InterSystems Developers YouTube channel](#):

[InterSystems HealthShare Analytics Solution: Create & Deliver Real-Time Insight at Scale](#)

Many data-driven organizations need to build high-quality, clean, validated sources of truth. Learn how the InterSystems HealthShare Analytics Solution enables your organization to consolidate and harmonize data at scale from disparate sources in real-time, allowing you to collaborate across all functions and with outside entities while maintaining control of your data.

Presenter: Fred Azar, Healthcare Analytics Executive, InterSystems
