## Meet Lorenzo Scalese – New Developer Community Moderator!

Hi Community,

Please welcome [@Lorenzo Scalese](#) as our new French Moderator in the Developer Community Team!

Let's greet Lorenzo with big applause and take a closer look at his bio!

[@Lorenzo Scalese](#) is a Solution Architect at [Zorgi](#).

> Zorgi is a specialist and Belgian market leader in IT solutions for the healthcare sector.

Some words about Lorenzo:

- He started his career in 2007 as a developer and has worked on many projects related to the healthcare industry: electronic medical recording (EMR) software, radiology software, connectivity with RIS/PACS and ionizing modalities, national hub medical data exchange,...
- He's been working with InterSystems technologies since he started his career. From Caché 5.2 to IRIS today.
- Today, his work is mainly to define the general architecture of an EMR software, creating developer tools, deployment scripts, and migrate Caché/HealthShare based applications to IRIS using containers.

Some other facts about Lorenzo:

- He was born in Belgium in 1984, his parents are Italians. He lives in a country village, married, and father of 2 boys (11 years old and 8 years old).
- His hobbies are technologies, coding, mountain bike rides, DIY, and video games.

WARM WELCOME!

Thank you and congratulations, [@Lorenzo Scalese](#)

May the DC Moderator force be with you ;)
