InterSystems at "J On The Beach" International Conference in Málaga, Spain

Hey Developers,

Good news! One more upcoming in-person event is nearby.

We're pleased to invite you to join "[J On The Beach](#)", an international rendezvous for developers and DevOps around Big Data technologies. A fun conference to learn and share the latest experiences, tips & tricks related to Big Data technologies, and, the most important part, it ' s On The Beach!

April 27-29, 2022

Málaga, Spain

This year, InterSystems is a Gold Sponsor of the JOTB.

We're more than happy to invite you and your colleagues to our InterSystems booth for a personal conversation. As always, there will be some surprises on it...

In addition, on the first day of the Conference [@David Reche](#) and [@Eduardo Anglada](#) will give a talk called "Captain Kirk, exoplanet found on route using Auto Machine Learning."

More details can be found [at jonthbeach.com](http://jonthbeach.com)

Looking forward to seeing you soon!
