NEW: Accessibility Podcast Episode

In our latest episode of Data Points, I had a conversation with Senior Instructional Designer [@Michelle Spisak](#) about accessibility in Online Learning and in the tech industry as a whole. We discussed some of the ways the Online Learning team at InterSystems has improved accessibility in our learning content and some of the ways it can still be improved in the future! For more information and to subscribe to the podcast, head over to <https://datapoints.intersystems.com>.
