" I work in the Consorci Sanitari de Terrassa as an analyst developer. I've been developing mostly with Delphi for more than 20 years, although it wasn't until 10 years ago I had to start developing and creating HL7 integrations with Ensemble. I was amazed how easy was to create and manage different approaches for every case and by the will of improve of every new version of the Intersystems products. I work and live in Terrassa, a city near Barcelona in Catalonia (Spain). I like play the electric guitar, play board games and enjoy spending time with my family."
