## Middleware Design Specialist - Ascension Health (100% Telecommute)

We are looking for 2 full time Middleware Design Specialist. We have one of the largest (if not the largest) implementation of InterSystems HealthConnect and have a team that designs solutions for new use cases. We are looking for strong developers that like to work on new patterns that are not your basic HL7 to HL7 interface. These positions are 100% telecommute and you would be working with a team of very skilled HealthConnect developers.

You can find out a full job description and apply to these positions here
