## Launch WebTerminals from within VS Code

If you do your IRIS development in Visual Studio Code and wish you had a convenient way to get a terminal session on your server, take a look here:

A new [VS Code extension](#) leverages the popular and well-established [WebTerminal](#) package to bring you this experience.

If you like it, please vote for webterminal-vscode in the [current contest](#). Voting closes at midnight on Sunday 5th.
