Incredible Milestones: 10K...11K...5M... on InterSystems Developer Community!

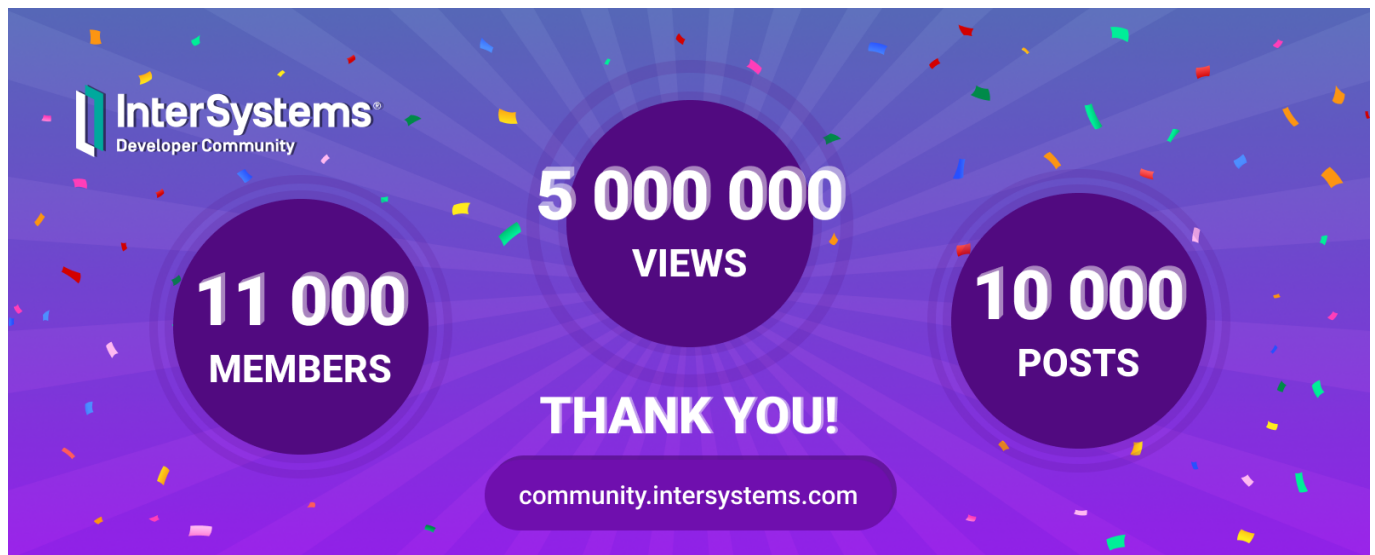

Hello, Members of the Community!

We're so proud to announce that our InterSystems Developer Community has reached a couple of HUGE milestones:

10,000 published posts

11,000 registered members

5,000,000 reads (it's five million!)

We'd like to congratulate you, our dear members, and us (admins, content managers, and moderators) on reaching 11K members, 10K posts, and 5M views! We are so proud to be part of this success, that has been created solely by and thanks to you!

We'd like to thank each and every one of you for being part of our group of like-minded people! Thank you for asking questions and starting conversations! For sharing your knowledge and your successes! For giving us suggestions and making us think and thus become better and more useful to you! You're keeping this Community alive and thriving! We are very glad to have you with us!

And to make this occasion even more festive...

[The Developer Community Discord channel](#) reached 500 members! Still have a lot of work in front of us in this direction, but we're up to the challenge. And we're hoping you will join us there as well to get even more useful info and ideas. [Join here >>](#)

Thanks again! And let's grow together!
