[Webinar] Scaling InterSystems FHIR Server on Amazon Web Services with ECP

Hey Community,

We're excited to announce that Community webinars are back!

Let us invite you all to @ Ron Sweeney's webinar on **Scaling InterSystems FHIR Server on Amazon Web Services with ECP**.

Join this webinar to make a technical deep dive, see a demonstration, and benchmark horizontal scaling InterSystems FHIR Server on Amazon Web Services with Enterprise Cache Protocol (ECP).

   ⏲ Date & Time: Thursday, August 18, 8 AM ET ¦ 2:00 PM CEST
   🗣 Speaker: @ Ron Sweeney, Full Stack Architect at Integration Required

About Integration Required:
We are a full-stack technical delivery team for your InterSystems® workloads, tailored to meet the requirements of your security posture and organizational deployment standards. With a decade of InterSystems® partnerships and rigorous adherence to customer satisfaction, we are trusted to best practice.

So...

Don't miss this opportunity to learn more about scaling FHIR, ECP and AWS and how to mix it all!
