# Categorizing your ideas on InterSystems Ideas is easy!

Hello Community,

In the [previous announcement](#), we introduced our feedback portal – [InterSystems Ideas](#)! Now we'd like to tell you more about it, notably about the topics which are covered there.

## InterSystems Ideas

We love hearing from our users. Tell us what you want to see next and upvote ideas from the community.

\* Bugs and troubleshooting should as usual go through [InterSystems support](#).

You can submit your ideas in the following categories:

[InterSystems Products](#) where you can post ideas for new development directions for our products:

- InterSystems IRIS data platform

- InterSystems IRIS for Health
- InterSystems HealthShare
- InterSystems TrakCare

[InterSystems Services](#) where you can post ideas on how we can make our services even better than they are now:

- Developer Community
- Open Exchange app gallery
- Global Masters gamification platform
- Partner Directory
- Documentation
- Certification
- Learning
- and InterSystems Ideas Portal itself

There is also the category "[Other](#)" for feedback that is not related directly neither to InterSystems Products or Services.

After choosing a category, feel free to also add keywords / tags:

Add idea

**Your idea** Required

One sentence summary of the idea

Any similar ideas will appear here when you start typing. Consider voting for them before you create a new idea.

**Please add more details** Required

Paragraph | A | | | | | | | |

Why is it useful, who would benefit from it, how should it work?

Attach files

**Choose a category for this idea** Required

Keyword Tags

- analytics
- deepsee
- dashboards
- mdx
- analyzer
- analytics-architect
- vscode

Feel free to share your suggestions for categories and keywords worth adding to the portal. We will be glad to hear
