## Key Questions of the Month: August 2022

Hi Developers!

In August, you [posted](#) 77 new questions on Developer Community:

Questions

And now it's time to announce the Key Questions of August chosen by InterSystems Experts!

These questions have already been highlighted with the [#Key Question tag](#), and their authors will join their predecessors on the list of owners of the Key Question badge on Global Masters!

Here are the chosen questions for August 2022:

[Basic ObjectScript not working in Linux Command Line](#) by [@Phillip Wu](#)

[Missing Ensemble Classes in IRIS for Health Community Docker](#) by [@Michael Davidovich](#)

[OAuth 2.0 for Mail \(POP3/SMTP\)?](#) by [@Dieter Fiebelkorn](#)

[Containerization Help](#) by [@Scott Roth](#)

Thanks for all the questions! Keep them coming 😊

See you next month!
