Getting to know FHIR

Hello Developers!

To start our "Back to school on FHIR with DC FR" we propose you to watch this short video about FHIR:

[The Future of Care Begins with InterSystems and FHIR](#)

FHIR

is a standard to exchange data between different healthcare organizations. It makes it easier to break down the barriers between different systems and deliver just the information needed, to whoever needs it, in near real-time.

Getting to know FHIR

Published on InterSystems Developer Community (<https://community.intersystems.com>)

As a leader in the healthcare and interoperability domains, InterSystems gives you the possibility to create solutions based on FHIR without much effort on your part. To learn more and try FHIR out, please follow [this link](#)!

Stay in touch!
