Receive an XML with ACTION with mustUnderstand=1

Hi, guys, I need some help, I'm getting an XML from the Matrix application and in the header there's an Action that has the property mustUnderstand = 1

```
<s:Envelope xmlns:s="http://schemas.xmlsoap.org/soap/envelope/">
  <s:Header>
    <Action s:mustUnderstand="1"
xmlns="http://schemas.microsoft.com/ws/2005/05/addressing/none"
http://protocolomatrix.matrixsaude.com/RecebeResultado</Action>
  </s:Header>
  <s:Body xmlns:xsi="http://www.w3.org/2001/XMLSchema-instance"
xmlns:xsd="http://www.w3.org/2001/XMLSchema">
```

No BS Receives but cannot handle the action.
