Meet Muhammad Waseem - New Developer Community Moderator!

Hi Community,

Please welcome @ Muhammad Waseem as our new Moderator in the Developer Community Team!

Let's greet Muhammad with big applause and take a closer look at his bio!

@ Muhammad Waseem is a HIS Team Leader at International Medical Center (Jeddah, Saudi Arabia).
IMC is a multi-disciplinary hospital that features specialty centers providing a wide range of comprehensive treatment options for different health problems. These services are delivered by more than 150 US, Canadian and European certified physicians in more than thirty specialties including Orthopedics, Cardiology, Oncology, Women's Health, and Children's Health. The hospital is equipped with state-of-the-art facilities that enable it to rank among the best healthcare providers in the region.

A few words about Muhammad:

- He is from Lahore, Pakistan, currently living in Jeddah, Saudi Arabia.
- His experience encompasses more than 23 Years in Software Engineering for large-scale businesses with critically integrated HealthCare, RCM, Financial, Media Management, and ERP Systems.
- He is a part of the IMC team to implement InterSystems TrakCare electronic medical record system across its hospital and clinics in Jeddah.

WARM WELCOME!

Thank you and congratulations, @ Muhammad Waseem

We're glad to have you on our moderators' team!
