%SYS.Task.UpdateSQLStats ,  
%SYS.Task.FrozenPlanScan,%SYS.Task.CleanSQLIndex Depreciated  
2022.1?

Hi:

Are these all depreciated in 2022.1? Our tasks don't run as can't find it and using a search of the docs they are last recorded against 2021.1?

[Search InterSystems Documentation](#)

There isn't any line in release notes to note that these no longer exist.

[#SQL](#) [#System Administration](#) [#InterSystems IRIS for Health](#)

Product version: IRIS 2022.1
