## Webinar in Spanish: "Deployments in Kubernetes with High Availability"

Hi Community,

We're pleased to invite you to the upcoming webinar in Spanish called "[Deployments in Kubernetes with High Availability](#)".

Date & Time: October 20, 4:00 PM CEST

Speaker: [@Alberto Fuentes](#), Sales Engineer, InterSystems Iberia

The graphic features a 3D architectural visualization of server racks in shades of blue and green. In the top left corner is the InterSystems Developer Community logo. The word 'WEBINAR' is written in large, teal, block letters with a right-pointing arrow. Below it, the title 'Despliegues en Kubernetes con Alta Disponibilidad' is displayed in large white font. A circular portrait of Alberto Fuentes is shown in the bottom right, with his name and title 'Sales Engineer en InterSystems Iberia' next to it. In the bottom left, the event details '20 DE OCTUBRE 16:00 MADRID (CEST)' are listed.

The webinar is aimed at Developers and DevOps Technicians who want to learn how to easily automate InterSystems deployments by using Kubernetes.

During the webinar, we will:

- learn from scratch how to deploy InterSystems IRIS architectures with High Availability by using Kubernetes and the IKO (InterSystems Kubernetes Operator),
- use AWS services to do deployment examples,
- discuss various architectures with High Availability that can be easily mounted,
- ... and much more!
