Deltanji source control for Interoperability Productions

Hi developers!

If you missed our presentation at the InterSystems UK&I Summit and our demo during the Source Control roundtable, but you still want to find out more about source control for Interoperability Productions... there ' s another chance to see it at our User Group Session next Thursday, November 3rd at 3pm (GMT).

The new driver enables highly granular management of Interoperability Productions with tight integration into the InterSystems IRIS management management portal.
