New Podcast: Adaptive Analytics & Smart Data Fabrics

In our latest episode of [Data Points](#), I had a conversation with Carmen Logue and Mary Ann Fusi about Adaptive Analytics and Smart Data Fabrics. A lot has changed and improved since the last time we discussed this product on the podcast, so take a listen!

For more information and to subscribe to the podcast, head over to https://datapoints.intersystems.com.

To watch Carmen and Joe's presentation at the AtScale Semantic Layer Summit, see here: https://www.intersystems.com/resources/unlocking-the-power-of-your-data-using-a-data-fabric-architecture-with-a-universal-semantic-layer/
