# New Online Analytics Dashboard for Community Members!

Hi Developers,

We're super excited to share with you the new awesome functionality of the Online Analytics Dashboard for every Community member

From now on, you can see your own detailed statistics for the current week, month, and all time, including:

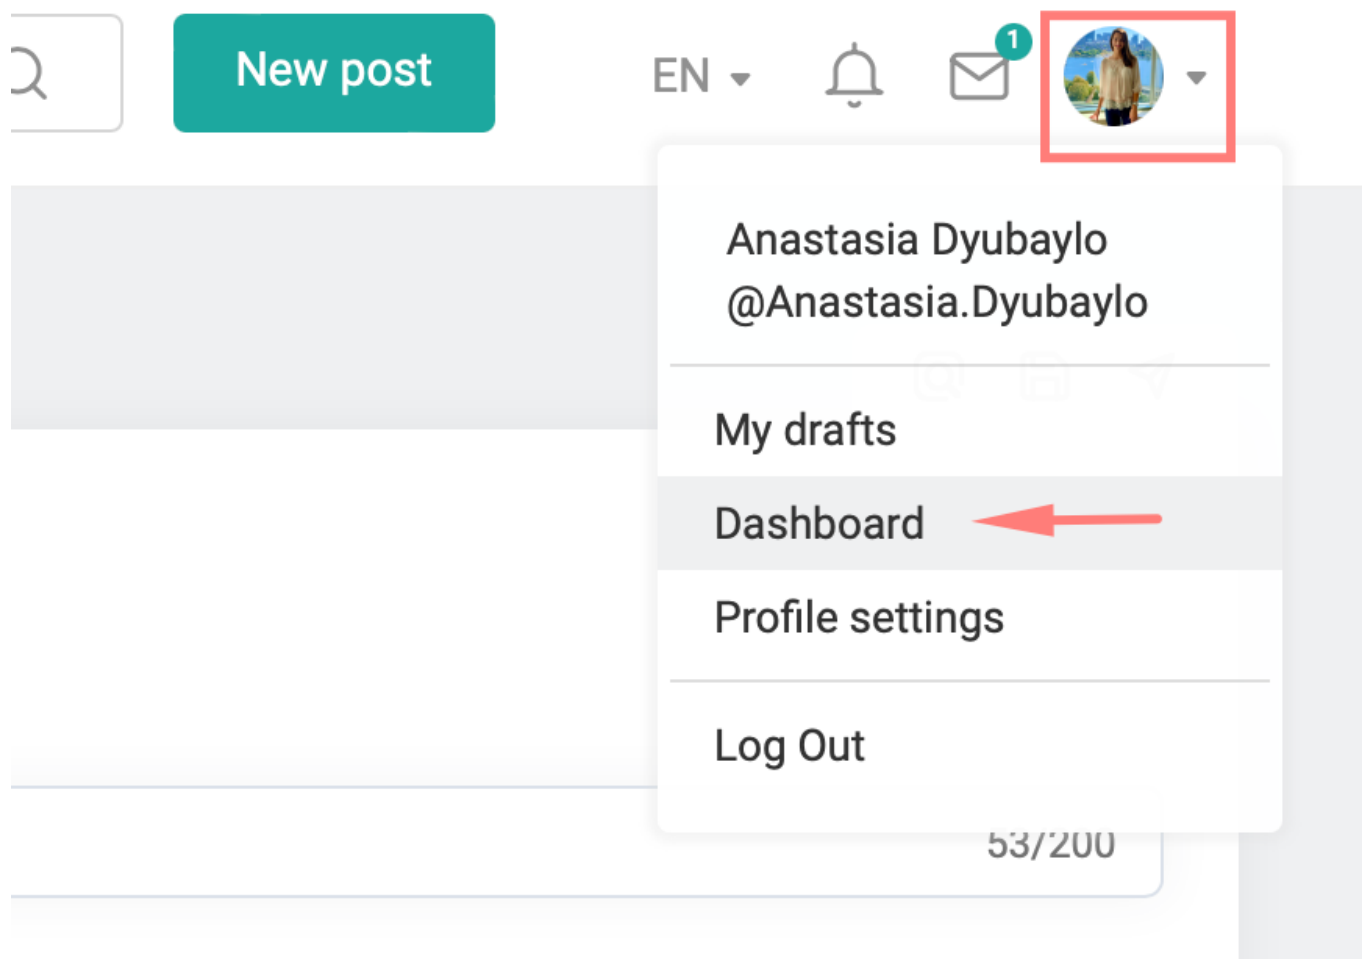

- number of views, likes, comments, followers
- timeline graphics of views, likes, actions with your posts, comments
- a table containing info about views, comments, and likes for your every post

In addition, now you can easily find out which of your posts are the most popular (viewed/discussed/liked) for different time periods (week/month/all time).
