Reviews on Open Exchange - #21

If one of your packages on OEX receives a review you get notified by OEX only own YOUR package.

The rating reflects the experience of the reviewer with the status found at the time of review.

It is kind of a snapshot and might have changed meanwhile.

Reviews by other members of the community are marked by * in the last column.

I also placed a bunch of Pull Requests on Github when I found a problem I could fix.

Some were accepted and merged, and some were just ignored.

So if you did a major change and expect a changed review just let me know.
