Key Questions of the Month: November 2022

Hi Developers,

This November, you [posted](#) 68 new questions on the Developer Community:

Questions

Here are the Key Questions of November chosen by InterSystems Experts:

[Not opening an instance by index key after cache migration to iris](#) by [@ Edmara Francisco](#)

[Get the primary id of inserted line in SQL](#) by [@ Dmitry Maslennikov](#)

[Unique index from base class doesn't work](#) by [@ Iryna Mykhailova](#)

These questions will be highlighted with the [#Key Question tag](#), and their authors will get the Key Question badge on Global Masters.

Congrats, and thank you all for your questions. Keep them coming!

See you next month ;)
