InterSystems Ideas News #2

Hello Community!

Welcome to the new edition of the InterSystems Ideas News! Learn what we've been up to this past couple of weeks.

Curious about what is going on with all the great ideas you've been submitting to our [InterSystems Ideas Portal](#)? Here is the current status breakdown:

[58 ideas](#) are being triaged by InterSystems Product Managers.

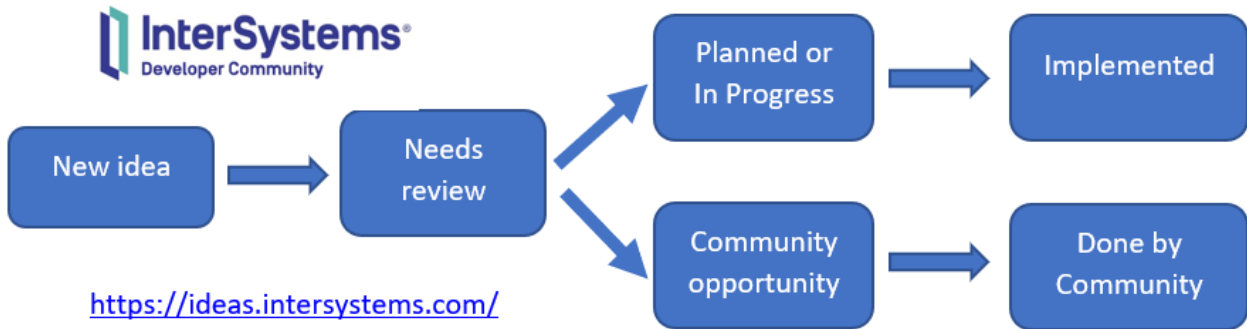

[43 ideas](#) can be implemented by Developer Community members.

[11 ideas](#) are being implemented by InterSystems.

[2 ideas](#) are already implemented by InterSystems.

[9 ideas](#) are implemented by Developer Community members.

To make it clearer what stages your ideas are going through here is the diagram:

And to round up this newsletter, here is a list of ideas posted after Idea-A-Thon

A tiny reminder, you can filter ideas by status, [post new ideas](#) for public discussion, vote for existing ideas, and comment on them on our [InterSystems Ideas Portal!](#)

Stay tuned for the next InterSystems Ideas news bulletin and get creative in the meantime!
