## InterSystems IRIS kits: Discontinue Apache web server installations (aka Private Web Server (PWS))

If you would like to try the new installation process for the NoPWS project, you can get access to the Early Access Program (EAP) [here](#). (<https://evaluation.intersystems.com/Eval/>)

Once you have registered, please send InterSystems the email address you used to register for the EAP to [nopws@intersystems.com](mailto:nopws@intersystems.com).
