## Community Roundtable: Modern development process with InterSystems IRIS

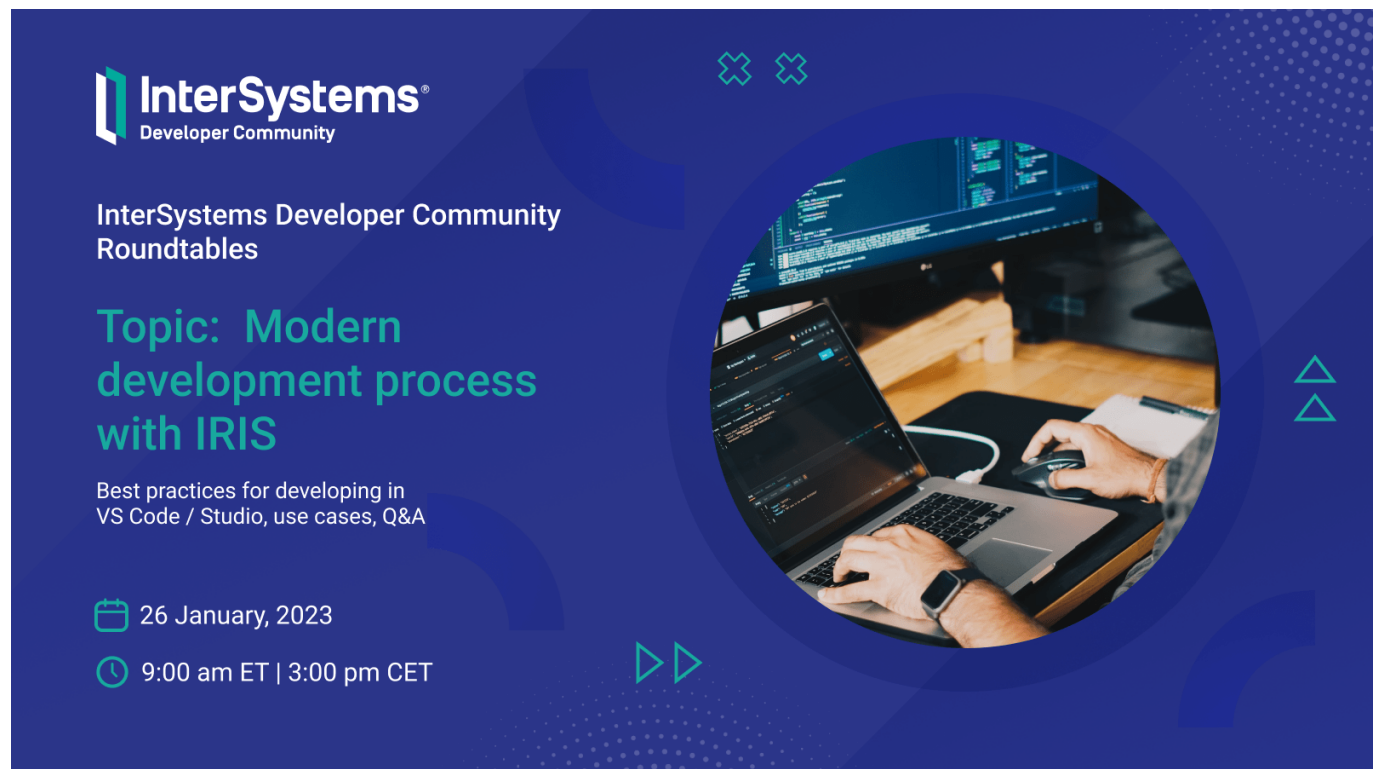

Hi Community,

Let's meet virtually at our first Community Roundtable in 2023! Join the discussion on best practices for developing in VS Code/Studio, use cases, and Q&A.

Date: January 26

Time: 9:00 am ET | 3:00 pm CET

UPDATE: the roundtable recording is available [here](#).

A promotional graphic for an InterSystems Developer Community Roundtable. The background is dark blue with abstract geometric shapes and patterns. On the left, the InterSystems logo is at the top, followed by 'Developer Community'. Below that, it says 'InterSystems Developer Community Roundtables'. The main topic is 'Topic: Modern development process with IRIS' in large, bold, light blue text. Underneath, it says 'Best practices for developing in VS Code / Studio, use cases, Q&A'. At the bottom left, there are two icons: a calendar icon for '26 January, 2023' and a clock icon for '9:00 am ET | 3:00 pm CET'. On the right side, there is a circular inset image showing a person's hands working on a laptop with code on the screen. Decorative icons include two 'X' marks at the top right, two upward-pointing triangles on the right, and two rightward-pointing triangles at the bottom center.

Let us know in advance which questions you'd like us to cover - comment on this post or send your questions to me in DM.
