InterSystems Developer Tools Contest

Hey Developers,

We'd like to invite you to join our next contest dedicated to creating useful tools to make your fellow developers' lives easier:

[InterSystems Developer Tools Contest](#)

Submit an application that helps to develop faster, contributes more qualitative code, and helps in testing, deployment, support, or monitoring of your solution with InterSystems IRIS.

Duration: January 23 - February 12, 2023

Prize pool: \$13,500

The topic

InterSystems IRIS developer tools

In this contest, we expect applications that improve developer experience with IRIS, help to develop faster, contribute more qualitative code, help to test, deploy, support, or monitor your solution with InterSystems IRIS.

General Requirements:

1. Accepted applications: new to Open Exchange apps or existing ones, but with a significant improvement. Our team will review all applications before approving them for the contest.
2. The application should work on [InterSystems IRIS Community Edition](#).
3. Types of applications that match: UI-frameworks, IDE, Database management, monitoring, deployment tools, etc.

4. The application should be an Open Source application and published on GitHub.
5. The README file to the application should be in English, contain the installation steps, and contain either the video demo or/and a description of how the application works.
6. One developer can enter the competition with a maximum of 3 applications.

Prizes

1. Experts Nomination - a specially selected jury will determine the winners:

1st place - \$5,000

2nd place - \$3,000

3rd place - \$1,500

4th place - \$750

5th place - \$500

6-10th places - \$100

2. Community winners - an application that will receive the most votes in total:

1st place - \$1000

2nd place - \$750

3rd place - \$500

If several participants score the same amount of votes, they all are considered winners, and the money prize is shared among the winners.

Important Deadlines:

Application development and registration phase:

- January 23, 2023 (00:00 EST): Contest begins.
- February 5, 2023 (23:59 EST): Deadline for submissions.

Voting period:

- February 6, 2023 (00:00 EST): Voting begins.
- February 12, 2023 (23:59 EST): Voting ends.

Note: Developers can improve their apps throughout the entire registration and voting period.

Who can participate?

Any Developer Community member, except for InterSystems employees. [Create an account!](#)

Developers can team up to create a collaborative application. Allowed from 2 to 5 developers in one team.

Do not forget to highlight your team members in the README of your application – DC user profiles.

Helpful resources

Example applications:

- [iris-rad-studio](#) - RAD for UI
- [cmPurgeBackup](#) - backup tool
- [errors-global-analytics](#) - errors visualization
- [objectscript-openapi-definition](#) - open API generator
- [Test Coverage Tool](#) - test coverage helper
- [and many more](#).
